

GROOMING SERVICES

À LA CARTE

MINI MASSAGE \$10

5 minute massage.

TOOTHBRUSHING \$10

Teeth are brushed using an enzymatic toothpaste followed with an enzymatic breath spray.

NAIL GRINDING \$10

Trim nails as short as possible and smooths any rough edges.

PAWDICURE \$12

An exfoliating mud treatment is applied to soften and moisturize paws.

PAW BALM \$5

Mushers Secret is applied to moisturize and protect paws from salt, ice, snow and hot asphalt.

PAWLISH \$10

Front paw nails are painted using pet safe nail polish in a variety of colors.

DEEP CONDITIONER \$10

Condition fur to improve texture and shine, similar to that of a hot oil treatment.

ANAL GLANDS EMPTIED \$8

Helps prevent and treat symptoms associated with anal gland irritation.

PAMPER PACKAGE \$23

Pick any 3 of the à la carte options to create a custom package for your pet.

TREATMENTS

*Treatment prices are based on the size of your pet. Small - \$10 Medium - \$12 Large - \$15 X Large - \$20 Giant - \$25

PLAQ CLNZ \$25

Plaq Clnz is an innovative way to clean your pet's mouth without going to the veterinarian! The three step process will loosen plaque and tartar, flush your pet's mouth removing the plaque and debris. Finally your pet's teeth will be post-treated for continued cleansing. **Please allow 30 minutes to be added to your regular grooming time.*

CUSTOM SKIN TREATMENTS*

Customized skin treatments to treat a variety of skin conditions including bacterial and fungal infections, dry itchy skin and flea bite dermatitis. After analyzing your pet's skin and coat, we will decide on which shampoos and conditioners to use. This treatment will sit on your pet's skin for a minimum of 15 minutes to allow total absorption.

SHED-LESS TREATMENT*

Shed-less treatment is a system specially made to help loosen the dead undercoat. Shampoo and conditioning followed by high velocity blow drying and thorough brushing to remove remaining loose fur.

FLEA BATH TREATMENT*

Non-toxic shampoo is applied to your pet to kill all live fleas. This shampoo will not prevent new fleas from attacking, we recommend following up with a topical flea treatment such as Frontline. Allow 24-48 hours to apply topical flea treatment after the flea bath.

DE-SKUNKING TREATMENT*

Bathing system designed to remove skunk odor from your pet. If your pet has already been bathed at home, we cannot guarantee how much of the skunk odor will be removed.
